SUMMARY

Results-oriented Full Stack Developer with a strong foundation in university-level software engineering and a specialized focus on **AI-augmented development**. Expert at building scalable web applications by leveraging **Java, Spring Boot, and React**. Proven ability to architect secure **RESTful APIs** and manage relational databases with a focus on high-performance architecture. I distinguish myself by integrating **AI orchestration** into my workflow to optimize code reliability and accelerate the delivery of modern software solutions. A proactive problem-solver and lifelong learner seeking my first professional challenge to contribute immediate technical value to a forward-thinking development team.

EXPERIENCE

Junior FullStack Web Developer

Personal projects

January 2024 - Present, Buenos Aires

- **Full-Stack Development & Architecture:** Engineered scalable web applications utilizing **React** for dynamic frontend interfaces and **Java Spring Boot** for robust backend architectures, ensuring seamless end-to-end integration.
- **API Design & Security:** Architected and implemented **RESTful APIs** with a focus on security, leveraging **JWT (JSON Web Tokens)** for authentication and ensuring efficient data flow between client and server.
- **Database Management:** Designed and managed relational schemas using **SQL**, optimizing query performance and maintaining data integrity for complex application logic.
- **Modern Workflow & AI Augmentation:** Optimized the software development lifecycle (SDLC) by integrating **AI-augmented tools**, increasing code reliability and reducing delivery times through advanced prompt engineering and multi-agent orchestration.
- **Version Control & Collaboration:** Managed complex codebases using **Git and GitHub**, following industry best practices for branching, pull requests, and collaborative documentation to ensure project maintainability.
- **Responsive UI/UX:** Developed high-performance, responsive user interfaces with **Modern JavaScript/ES6+**, focusing on cross-browser compatibility and optimized rendering.

Sales

DV Cosmetic

February 2022 - December 2023, Buenos Aires, Gral San Martín.

- **Customer Experience & Sales Specialist:** Delivered high-quality service in a fast-paced retail environment, focusing on personalized product solutions and customer satisfaction.
- **Consultative Selling:** Assisted clients by identifying their specific needs and providing detailed product information to drive sales and brand loyalty.
- **Operational Excellence:** Maintained store standards through meticulous inventory organization and strategic product placement to optimize the customer journey.

EDUCATION

Web Developer

Minor in React.js and Java • Digital House • Buenos Aires, Argentina. • 2024

Economy and administration

Minor in Computing and maths • Instituto Jose Hernandez • Gral San Martín, Buenos Aires • 2020

• High School
